RAFI CAT is a line of complete foods intended for adult cats of all breeds. It covers 100% of the daily needs of your pet for all nutrients, minerals and vitamins. It features a high content of complete protein with high digestibility. This pet food contains fatty acids in proportions ensuring correct metabolism. Vegetable fats, animal derivatives, and fish derivatives are a source of unsaturated fatty acids. Thanks to their correct balance, they ensure that all metabolic processes take place correctly. The addition of vitamin E and zinc help maintain proper skin function and the appearance of the fur. The addition of taurine regulates calcium homeostasis, aids in the correct development and functioning of the retina, and also plays an active role in the protection of nerve cells from damage.
