MOUSSE

A complete pet food for kittens of all breeds from 3 months of age

VEAL WITH ASPARAGUS

85 g

MAU Mousse - veal with asparagus is a complete food for growing kittens. The recipe is based on high-quality meat and animal-derived ingredients, with a high proportion of muscle tissue from veal, chicken and turkey, providing complete, highly digestible protein that supports proper muscle development and healthy growth.

Tender veal gives the food a mild, delicate character, while the addition of asparagus enriches the flavour profile and enhances palatability. The formula has been carefully adapted to the increased nutritional demands of kittens - a higher energy value and balanced protein-to-fat ratio support intensive growth and daily activity.

Salmon oil and hemp seeds provide essential fatty acids that support the development of the nervous system and vision, as well as healthy skin and a glossy coat. Functional additives, including brewer's yeast, chicory inulin, MOS and β -glucans, promote proper digestion and support the developing immune system.

The smooth mousse texture ensures excellent acceptance, making it an ideal choice for kittens in the early stage of life.

Composition: veal 30% (meat 15%, lungs, hearts, tripes), chicken 30% (meat 15%, liver, gizzards), turkey 20% (meat 15%, skins), broth, asparagus 4%, minerals, salmon oil 0.8%, dried brewer's yeast 0.2% (containing prebiotics: mannan-oligosaccharides and β -glucans), chicory inulin 0.2% (prebiotic), hemp seed 0.1%, powdered beetroot juice.

Analytical constituents: crude protein - 11.5%, crude fat - 6.5%, crude ash - 1.5%, crude fibre - 1.5%, moisture - 77%, calcium - 0.3%, phosphorus - 0.25%.

Additives: nutritional additives/kg: Vitamin D₃ - 200 IU, Vitamin C - 1000.5 mg, Vitamin E - 20 mg, Zinc (zinc sulphate, monohydrate) - 25 mg, Manganese (manganous sulphate, monohydrate) - 1.4 mg, Iodine (calcium iodate, anhydrous) - 0.8 mg, Taurine - 798.7 mg.

Energy value: 103 kcal/100 g.

MOUSSE

A complete pet food for adult cats of all breeds

ROE DEER WITH PURPLE CARROT AND CORIANDER

MAU Mousse - roe deer with purple carrot and coriander is a complete food for adult cats, developed for daily feeding and to support overall health and vitality. The recipe is based on high-quality meat and animal-derived ingredients from roe deer, chicken and turkey, providing complete, easily digestible protein and essential amino acids.

Roe deer gives the food a distinctive, aromatic flavour, while purple carrot and coriander add a delicate vegetable and herbal note. Purple carrot provide a natural source of fibre, and coriander supplies plant-derived antioxidants that help protect cells against oxidative stress.

Salmon oil and hemp seeds provide valuable fatty acids that support the nervous and immune systems, as well as healthy skin and a glossy coat. Chicory inulin helps maintain a balanced gut microbiota and supports proper digestion.

The smooth mousse texture ensures high palatability, making this food an excellent choice for cats that enjoy distinctive flavours and carefully balanced, nutritious meals.

85 g

Composition: roe deer 30% (meat), chicken 30% (meat 15%, liver, gizzards), turkey 20% (hearts, skins), broth, purple carrot 4%, minerals, salmon oil 0.8%, chicory inulin 0.2% (prebiotic), hemp seed 0.1%, dried coriander 0.1%, powdered beetroot juice.

Analytical constituents: crude protein - 11%, crude fat - 6%, crude ash - 1.5%, crude fibre - 1%, moisture - 79%, calcium - 0.3%, phosphorus - 0.25%.

Additives: nutritional additives/kg: Vitamin D₃ - 200 IU, Vitamin C - 1000.5 mg, Vitamin E - 20 mg, Zinc (zinc sulphate, monohydrate) - 25 mg, Manganese (manganous sulphate, monohydrate) - 1.4 mg, Iodine (calcium iodate, anhydrous) - 0.8 mg, Taurine - 798.7 mg.

Energy value: 95 kcal/100 g.

MOUSSE

A complete pet food for adult cats of all breeds

TUNA WITH OCTOPUS AND OLIVES

MAU Mousse – tuna with octopus and olives is a complete food for adult cats, developed to support their daily nutritional needs. The recipe is based on high-quality meat, fish and animal-derived ingredients from tuna, chicken and turkey, enriched with octopus for a distinctive marine character.

Tuna provides a delicate yet expressive fish flavour, while octopus adds an unusual seafood note and black olives introduce an original, refined accent. Olives are a natural source of plant fats, B vitamins and polyphenols, which support metabolic processes and help protect cells against oxidative stress.

Salmon oil supplies valuable omega-3 fatty acids that support healthy skin and a glossy coat, while chicory inulin and hemp seeds promote proper digestion and help maintain a balanced gut microbiota.

The smooth mousse texture enhances palatability, making this recipe an excellent choice for cats that enjoy distinctive, flavourful meals and for owners who value carefully selected, high-quality ingredients.

85 g

Composition: tuna 30% (carcass), chicken 26% (meat 15%, liver, gizzards), turkey 20% (meat 11%, hearts, skins), broth, octopus 4%, black olives 4%, minerals, salmon oil 0.8%, chicory inulin 0.2% (prebiotic), hemp seed 0.1%, powdered beetroot juice.

Analytical constituents: crude protein – 11%, crude fat – 6%, crude ash – 1.5%, crude fibre – 1%, moisture – 79%, calcium – 0.3%, phosphorus – 0.25%.

Additives: nutritional additives/kg: Vitamin D₃ – 200 IU, Vitamin C – 1000.5 mg, Vitamin E – 20 mg, Zinc (zinc sulphate, monohydrate) – 25 mg, Manganese (manganese sulphate, monohydrate) – 1.4 mg, Iodine (calcium iodate, anhydrous) – 0.8 mg, Taurine – 798.7 mg.

Energy value: 95 kcal/100 g.

MOUSSE

A complete pet food for adult cats of all breeds

DUCK WITH THYME AND CATNIP

85 g

MAU Mousse – duck with thyme and catnip is a complete food designed for adult cats requiring a balanced and highly palatable daily diet. The recipe is based on high-quality meat and animal-derived ingredients from duck, chicken and turkey, providing complete protein and essential nutrients.

Duck gives the food a rich, aromatic character, while thyme and catnip add variety to the flavour profile and enhance palatability. These botanical ingredients also support digestive processes and contribute natural antioxidant properties.

Salmon oil provides omega-3 fatty acids that support the nervous system as well as skin and coat health. Chicory inulin and hemp seeds promote healthy digestion and a balanced gut microbiota, while catnip may help stimulate appetite in more selective cats.

The mousse texture ensures a smooth, appealing consistency suitable for everyday feeding.

Composition: duck 30% (meat 15%, hearts, gizzards), chicken 30% (meat 15%, liver, gizzards), turkey 20% (meat 15%, skins), broth, minerals, salmon oil 0.8%, chicory inulin 0.2% (prebiotic), hemp seed 0.1%, dried thyme 0.1%, dried catnip 0.1%, powdered beetroot juice.

Analytical constituents: crude protein – 11%, crude fat – 6%, crude ash – 1.5%, crude fibre – 1%, moisture – 79%, calcium – 0.3%, phosphorus – 0.25%.

Additives: nutritional additives/kg: Vitamin D3 – 200 IU, Vitamin C – 1000.5 mg, Vitamin E – 20 mg, Zinc (zinc sulphate, monohydrate) – 25 mg, Manganese (manganous sulphate, monohydrate) – 1.4 mg, Iodine (calcium iodate, anhydrous) – 0.8 mg, Taurine – 798.7 mg.

Energy value: 95 kcal/100 g.

MOUSSE

A complete pet food for sterilised cats of all breeds

LAMB WITH CHIA SEED AND MINT

85 g

MAU Mousse – lamb with chia seeds and mint is a complete food for sterilised cats. The recipe is based on high-quality animal-derived ingredients, with a high proportion of lamb, chicken and turkey muscle tissue, ensuring a rich source of easily digestible protein.

Lamb provides a mild, delicate flavour, while mint adds a subtle note of freshness that enhances the sensory appeal of the meal. The formula includes reduced fat levels and L-carnitine to support healthy body weight management.

DL-methionine and the naturally high moisture content help support urinary tract health and proper hydration. Salmon oil, chia seeds and hemp seeds supply unsaturated fatty acids and fibre, supporting digestive health as well as skin and coat condition.

The smooth mousse texture ensures excellent acceptance, even among more selective cats.

Composition: lamb 30% (meat 15%, lungs, hearts, tripes), chicken 26% (meat 15%, liver, gizzards), broth, turkey 14% (meat 10%, skins), pea starch, minerals, salmon oil 0.8%, chia seed 0.25%, chicory inulin 0.2% (prebiotic), hemp seed 0.1%, dried mint 0.1%, powdered beetroot juice.

Analytical constituents: crude protein – 11%, crude fat – 3.5%, crude ash – 1.5%, crude fibre – 2%, moisture – 80%, calcium – 0.2%, phosphorus – 0.18%.

Additives: nutritional additives/kg: Vitamin D₃ – 200 IU, Vitamin C – 1000.5 mg, Vitamin E – 20 mg, Zinc (zinc sulphate, monohydrate) – 25 mg, Manganese (manganous sulphate, monohydrate) – 1.4 mg, Iodine (calcium iodate, anhydrous) – 0.8 mg, Taurine – 798.7 mg, L-carnitine – 800 mg.

Urine acidifier/kg: DL-methionine – 4000 mg.

Energy value: 75 kcal/100 g.

MOUSSE

A complete pet food for sterilised cats of all breeds

SALMON WITH SHRIMP AND PARSLEY LEAVES

MAU Mousse – salmon with shrimp and parsley leaves is a complete food developed specifically for sterilised cats. The recipe combines high-quality fish and animal-derived ingredients, including salmon, shrimp, chicken and turkey, providing complete, easily digestible protein and essential amino acids.

Salmon delivers a distinctive flavour and is a rich source of omega-3 fatty acids, while shrimp adds a delicate marine note. Parsley introduces a fresh, herbal accent and supports digestion.

The formula features reduced fat content and L-carnitine to help maintain optimal body weight, while DL-methionine supports urinary tract health. Salmon oil further enhances the fatty acid profile, supporting skin and coat condition.

Chicory inulin and hemp seeds promote healthy digestion, and the high moisture content supports proper hydration. The mousse consistency ensures high palatability and makes the food suitable for everyday feeding.

85 g

Composition: salmon 30% (carcass), chicken 26% (meat 15%, liver, gizzards), broth, turkey 10% (meat 6%, skins), shrimp 4%, pea starch, minerals, salmon oil 0.8%, chicory inulin 0.2% (prebiotic), hemp seed 0.1%, dried parsley leaves 0.1%, powdered beetroot juice.

Analytical constituents: crude protein – 11%, crude fat – 3.5%, crude ash – 1.5%, crude fibre – 2%, moisture – 80%, calcium – 0.2%, phosphorus – 0.18%.

Additives: nutritional additives/kg: Vitamin D₃ – 200 IU, Vitamin C – 1000.5 mg, Vitamin E – 20 mg, Zinc (zinc sulphate, monohydrate) – 25 mg, Manganese (manganous sulphate, monohydrate) – 1.4 mg, Iodine (calcium iodate, anhydrous) – 0.8 mg, Taurine – 798.7 mg, L-carnitine – 800 mg.

Urine acidifier/kg: DL-methionine – 4000 mg.

Energy value: 75 kcal/100 g.

MOUSSE

A complete pet food for sterilised cats of all breeds

GAME WITH BILBERRIES

MAU Mousse – game with bilberries is a complete food tailored to the specific needs of sterilised cats. The recipe is based on high-quality meat and animal-derived ingredients from game, chicken and turkey, providing complete protein and essential amino acids that support daily condition and vitality.

Game gives the food a distinctive, aromatic character, while chicken and turkey create a balanced and approachable flavour base. The addition of bilberries introduces a subtle fruity note and provides a natural source of fibre.

The formula has been adapted to the needs of sterilised cats – reduced fat content combined with L-carnitine helps maintain a healthy body weight, while DL-methionine supports proper urinary tract function. Salmon oil and hemp seeds deliver valuable fatty acids that support the nervous system, immunity and skin and coat condition.

Chicory inulin promotes a balanced gut microbiota and healthy digestion, while the high moisture content supports adequate hydration. The mousse consistency ensures high palatability and daily feeding comfort.

85 g

Composition: game 30% (meat), chicken 26% (meat 15%, liver, gizzards), broth, turkey 14% (hearts, skins), bilberries 4%, pea starch, minerals, salmon oil 0.8%, chicory inulin 0.2% (prebiotic), hemp seed 0.1%, powdered beetroot juice.

Analytical constituents: crude protein – 11%, crude fat – 3.5%, crude ash – 1.5%, crude fibre – 2%, moisture – 80%, calcium – 0.2%, phosphorus – 0.18%.

Additives: nutritional additives/kg: Vitamin D₃ – 200 IU, Vitamin C – 1000.5 mg, Vitamin E – 20 mg, Zinc [zinc sulphate, monohydrate] – 25 mg, Manganese [manganous sulphate, monohydrate] – 1.4 mg, Iodine [calcium iodate, anhydrous] – 0.8 mg, Taurine – 798.7 mg, L-carnitine – 800 mg.

DUCK WITH MANGO AND ROSEHIP

MAU Paté & Fillet – duck with mango and rosehip is a complete food for kittens from 3 months of age, developed to support healthy growth and development. The recipe is based on high-quality duck, chicken and turkey, with a high proportion of muscle tissue, providing complete, easily digestible protein to support muscle development and healthy growth.

Tender duck gives the food a distinctive, gently aromatic character, while mango and rosehip add a subtle fruity note that enhances palatability. The formula is tailored to the needs of kittens, with balanced protein and fat levels and a higher energy value to support intensive development and increased energy requirements.

Salmon oil and hemp seeds provide valuable fatty acids that support the development of the nervous system and vision, as well as healthy skin and a glossy coat. Mango, rosehip and beetroot juice powder provide fibre and antioxidants that help protect cells against oxidative stress.

Brewer's yeast, MOS, β -glucans and chicory inulin support healthy digestion and the developing immune system. This complete everyday meal combines high-quality ingredients with a carefully balanced blend of meat and fruity notes.

Composition: duck 30% (meat 15%, hearts, liver, gizzards), chicken 30% (breast fillet), turkey 20% (liver, gizzards, hearts, skins), broth, mango 4%, minerals, salmon oil 0.8%, dried brewer's yeast 0.2% (containing prebiotics: mannan-oligosaccharides and β -glucans), chicory inulin 0.2% (prebiotic), hemp seed 0.1%, dried rosehip 0.1%, powdered beetroot juice.

Analytical constituents: crude protein – 11.5%, crude fat – 6.5%, crude ash – 1.5%, crude fibre – 1.5%, moisture – 77%, calcium – 0.3%, phosphorus – 0.25%.

Additives: nutritional additives/kg: Vitamin D₃ – 200 IU, Vitamin C – 1000.5 mg, Vitamin E – 20 mg, Zinc (zinc sulphate, monohydrate) – 25 mg, Manganese (manganous sulphate, monohydrate) – 1.4 mg, Iodine (calcium iodate, anhydrous) – 0.8 mg, Taurine – 798.7 mg.

CRIMSON WITH VIOLA TRICOLOR

MAU Paté & Fillet – crimson with viola tricolor is a complete fish-based food for adult cats. The recipe is based on high-quality crimson, chicken and turkey, providing complete protein and essential amino acids that support daily vitality.

Crimson gives the food a delicate fish flavour, while viola tricolor introduces a mild herbal note that enhances palatability. Viola tricolor also provides natural antioxidants that help protect cells against oxidative stress and support digestive processes.

Salmon oil supplies valuable fatty acids that support healthy skin and a glossy coat. Chicory inulin and hemp seeds help maintain proper digestive function and support the balance of the gut microbiota.

With its balanced fat content and refined fish-and-herb flavour profile, this recipe is an excellent choice for everyday feeding.

Composition: crimson 30% (carcass), chicken 30% (breast fillet), turkey 20% (liver, gizzards, hearts, skins), broth, minerals, salmon oil 0.8%, chicory inulin 0.2% (prebiotic), hemp seed 0.1%, dried viola tricolor 0.1%, powdered beetroot juice.

Analytical constituents: crude protein – 11%, crude fat – 6%, crude ash – 1.5%, crude fibre – 1%, moisture – 79%, calcium – 0.3%, phosphorus – 0.25%.

Additives: nutritional additives/kg: Vitamin D₃ – 200 IU, Vitamin C – 1000.5 mg, Vitamin E – 20 mg, Zinc (zinc sulphate, monohydrate) – 25 mg, Manganese (manganous sulphate, monohydrate) – 1.4 mg, Iodine (calcium iodate, anhydrous) – 0.8 mg, Taurine – 798.7 mg.

TURKEY WITH PEANUT BUTTER

MAU Paté & Fillet – turkey with peanut butter is a complete food for adult cats, created as a nutritious and appetising everyday meal. The recipe is based on high-quality turkey and chicken, providing easily digestible animal protein and naturally occurring nutrients.

Tender turkey creates a mild, delicate flavour base, while peanut butter adds an original creamy note and enhances the meal's palatability. Salmon oil supplies valuable omega-3 fatty acids that support the nervous system, as well as healthy skin and a glossy coat. Chicory inulin and hemp seeds help support healthy digestion.

This complete recipe for discerning cats is distinguished by its mild taste, creamy character and carefully selected, high-quality ingredients.

Composition: turkey 50% (meat 15%, liver, hearts, gizzards, skins), chicken 30% (breast fillet), broth, peanut butter 4%, minerals, salmon oil 0.8%, chicory inulin 0.2% (prebiotic), hemp seed 0.1%, powdered beetroot juice.

Analytical constituents: crude protein – 11%, crude fat – 6%, crude ash – 1.5%, crude fibre – 1%, moisture – 79%, calcium – 0.3%, phosphorus – 0.25%.

BEEF WITH SWEET POTATOES AND ROSEMARY

MAU Paté & Fillet – beef with sweet potatoes and rosemary is a complete food for adult cats. The recipe is based on high-quality beef, chicken and turkey, providing complete protein and valuable nutrients that support daily vitality.

Beef gives the food a rich, meaty character, while sweet potatoes and rosemary add a subtle vegetable and herbal note that enhances palatability. Sweet potatoes support healthy digestion, and rosemary provides natural antioxidants that help protect cells against oxidative stress.

Salmon oil supplies valuable omega-3 fatty acids that support the nervous system, as well as healthy skin and a glossy coat. Chicory inulin and hemp seeds help maintain proper digestive function and support the balance of the gut microbiota.

This carefully balanced recipe combines high-quality animal-derived ingredients with a rich flavour and appetising aroma, making it an excellent choice for everyday feeding.

Composition: beef 30% (meat 15%, lungs, liver, hearts), chicken 30% (breast fillet), turkey 20% (liver, gizzards, hearts, skins), broth, sweet potatoes 4%, minerals, salmon oil 0.8%, chicory inulin 0.2% (prebiotic), hemp seed 0.1%, dried rosemary 0.1%, powdered beetroot juice.

Analytical constituents: crude protein – 11%, crude fat – 6%, crude ash – 1.5%, crude fibre – 1%, moisture – 79%, calcium – 0.3%, phosphorus – 0.25%.

Additives: nutritional additives/kg: Vitamin D₃ – 200 IU, Vitamin C – 1000.5 mg, Vitamin E – 20 mg, Zinc (zinc sulphate, monohydrate) – 25 mg, Manganese (manganous sulphate, monohydrate) – 1.4 mg, Iodine (calcium iodate, anhydrous) – 0.8 mg, Taurine – 798.7 mg.

DEER WITH HASKAP BERRIES

MAU Paté & Fillet – deer with haskap berries is a complete food tailored to the needs of sterilised cats. The recipe is based on high-quality deer, chicken and turkey, providing complete animal protein and essential amino acids.

Deer gives the food a distinctive, aromatic flavour, while chicken and turkey create a milder, well-balanced flavour base. Haskap berries add a subtle fruity note, bring variety to the recipe and provide a natural source of fibre.

Reduced fat content and L-carnitine help maintain a healthy body weight, while DL-methionine supports urinary tract health. Salmon oil and hemp seeds provide valuable fatty acids that support the nervous and immune systems, as well as healthy skin and a glossy coat.

Chicory inulin supports healthy digestion and helps maintain a balanced gut microbiota, while the high moisture content supports proper hydration. This complete, easily digestible everyday meal combines high-quality ingredients with a carefully developed recipe.

Composition: deer 30% (meat 15%, tongues), chicken 26% (breast fillet), broth, turkey 14% (liver, gizzards, hearts, skins), haskap berries 4%, pea starch, minerals, salmon oil 0.8%, chicory inulin 0.2% (prebiotic), hemp seed 0.1%, powdered beetroot juice.

Analytical constituents: crude protein – 11%, crude fat – 3.5%, crude ash – 1.5%, crude fibre – 2%, moisture – 80%, calcium – 0.2%, phosphorus – 0.18%.

GOOSE WITH RABBIT AND RASPBERRIES

MAU Paté & Fillet – goose with rabbit and raspberries is a complete food for sterilised cats. The recipe combines aromatic goose with tender rabbit, creating a balanced and highly palatable flavour profile.

Raspberries introduce a subtle acidity that complements the richness of the meat and adds a refined character. The high proportion of animal-derived ingredients ensures a rich source of complete protein.

Reduced fat content and L-carnitine support healthy body weight, while DL-methionine contributes to proper urinary tract function. Salmon oil supports skin and coat condition, while chicory inulin with hemp seeds promote healthy digestion.

Composition: goose 30% (meat 15%, hearts, liver), chicken 26% (breast fillet), broth, turkey 10% (gizzards, hearts, skins), rabbit 4% (liver), raspberries 4%, pea starch, minerals, salmon oil 0.8%, chicory inulin 0.2% (prebiotic), hemp seed 0.1%, powdered beetroot juice.

Analytical constituents: crude protein – 11%, crude fat – 3.5%, crude ash – 1.5%, crude fibre – 2%, moisture – 80%, calcium – 0.2%, phosphorus – 0.18%.

DUCK WITH CRANBERRIES AND LEMON BALM

MAU Paté & Fillet – duck with cranberries and lemon balm is a complete food for sterilised cats. The recipe is based on high-quality duck, chicken and turkey, with a high proportion of muscle tissue providing a nutritious and easily digestible source of protein.

Duck gives the food a distinctive, gently aromatic character, while cranberries and lemon balm introduce a subtle fruit-and-herb note that enhances palatability. The formula is tailored to the needs of sterilised cats, with reduced fat content and L-carnitine to help maintain a healthy body weight.

Cranberry and DL-methionine support proper urinary tract function, while lemon balm helps promote calmness and emotional balance. Salmon oil and hemp seeds provide valuable fatty acids that support the nervous and immune systems, as well as healthy skin and a glossy coat.

Chicory inulin supports healthy digestion and helps maintain a balanced gut microbiota. This carefully developed recipe combines an easily digestible formula with a refined fruit-and-herb flavour, making it an excellent choice for everyday feeding.

Composition: duck 30% (meat 15%, hearts, liver, gizzards), chicken 26% (breast fillet), broth, turkey 14% (liver, gizzards, hearts, skins), cranberries 4%, pea starch, minerals, salmon oil 0.8%, chicory inulin 0.2% (prebiotic), hemp seed 0.1%, dried lemon balm 0.1%, powdered beetroot juice.

Analytical constituents: crude protein – 11%, crude fat – 3.5%, crude ash – 1.5%, crude fibre – 2%, moisture – 80%, calcium – 0.2%, phosphorus – 0.18%.

Additives: nutritional additives/kg: Vitamin D₃ – 200 IU, Vitamin C – 1000.5 mg, Vitamin E – 20 mg, Zinc (zinc sulphate, monohydrate) – 25 mg, Manganese (manganous sulphate, monohydrate) – 1.4 mg, Iodine (calcium iodate, anhydrous) – 0.8 mg, Taurine – 798.7 mg, L-carnitine – 800 mg.

AIR DRIED FOOD

AIR DRIED FOOD

A complete dried pet food for adult cats of all breeds

BEEF WITH SWEET POTATOES AND ROSEMARY

MAU Air-Dried Food – beef with sweet potatoes and rosemary is a complete food for adult cats, formulated to support a balanced daily diet. The recipe is based on high-quality meat and animal-derived ingredients from beef, chicken and pork, providing complete protein and essential amino acids.

Beef gives the food a rich, meaty character, while sweet potatoes and rosemary add a subtle vegetable and herbal note. Carefully selected nutrients support overall health and daily activity.

Chicken egg and salmon oil enrich the formula with amino acids and unsaturated fatty acids, supporting healthy skin and coat. Hemp seeds, prebiotics and inactivated yeast promote digestive health and microbiota balance.

Natural antioxidants help protect fats from oxidation, ensuring the stability and quality of the product.

700 g

Composition: beef 55% (meat, hearts, liver, tripe), chicken 15% (meat, hearts, liver), pork 10% (lungs, kidneys), pea starch, sweet potatoes 4%, poultry fat, eggs 3%, minerals, powder cellulose, salmon oil 0.8%, chicory inulin (prebiotic) 0.2%, crude lecithins, hemp seeds 0.1%, yeasts products 0.05% (inactivated yeast strains: *Saccharomyces cerevisiae* AQP 12260 and 12988, *Cyberlindnera jadinii* AQP 12549), dried rosemary 0.02%.

Analytical constituents: crude protein – 38%, crude fibre – 3%, crude fat – 18%, crude ash – 7%, moisture – 9%, calcium – 1.2%, phosphorus – 0.8%.

Additives: nutritional additives/kg: vitamin D₃ – 240 IU, vitamin E – 95 mg, vitamin C – 50 mg, zinc (zinc oxide, zinc chelate of glycine hydrate) – 13 mg, copper (copper (II) sulphate pentahydrate) – 2 mg, manganese (manganous sulphate, monohydrate) – 0.5 mg, iodine (calcium iodate, anhydrous) – 0.4 mg, taurine – 800 mg; **technological additives:** antioxidants (tocopherol extracts from vegetable oils, rosemary extract – 17 mg/kg).

AIR DRIED FOOD

A complete dried pet food for adult cats of all breeds

LAMB WITH CHIA SEEDS AND MINT

MAU Air-Dried Food – lamb with chia seeds and mint is a complete food developed for sterilised cats. The recipe is based on high-quality animal-derived ingredients from lamb, beef, chicken and pork, with a high proportion of muscle tissue providing complete, easily digestible protein.

Lamb gives the food a mild flavour, while mint and chia seeds add a subtle plant-based note that enhances palatability. The formula includes reduced fat levels and L-carnitine to support healthy body weight, along with ingredients that help maintain urinary tract function.

Egg and chicken fat supply valuable amino acids and essential fatty acids. Hemp seeds, chia seeds, prebiotics and inactivated yeast support digestive health and gut microbiota balance.

Natural antioxidants, including tocopherols and rosemary extract, help protect nutrients and support overall health. This carefully balanced recipe provides complete daily nutrition for sterilised cats.

Composition: lamb 30% (meat, hearts, liver), beef 25% (meat, hearts, liver, tripes), chicken 15% (meat, hearts, gizzards), pork 10% (lungs, kidneys), pea starch, poultry fat, eggs 3%, minerals, powdered cellulose, salmon oil 0.8%, chia seeds 0.5%, chicory inulin (prebiotic) 0.2%, crude lecithins, hemp seeds 0.1%, yeasts products 0.05% (inactivated yeast strains: *Saccharomyces cerevisiae* AQP 12260 and 12988, *Cyberlindnera jadinii* AQP 12549), dried mint 0.02%.

Analytical constituents: crude protein – 40%, crude fibre – 4.5%, crude fat – 15%, crude ash – 7%, moisture – 9%, calcium – 1.2%, phosphorus – 0.8%.

Additives: **nutritional additives/kg:** vitamin D₃ – 240 IU, vitamin E – 95 mg, vitamin C – 50 mg, zinc (zinc oxide, zinc chelate of glycine hydrate) – 13 mg, copper (copper (II) sulphate pentahydrate) – 2 mg, manganese (manganous sulphate, monohydrate) – 0.5 mg, iodine (calcium iodate, anhydrous) – 0.4 mg, DL-methionine – 3000 mg, L-carnitine – 2000 mg, taurine – 800 mg; **technological additives:** antioxidants (tocopherol extracts from vegetable oils, rosemary extract – 17 mg/kg).
